DRAGON

THE BRUCE LEE STORY

PLFEB 32101

This critically acclaimed film reveals the life of the man behind the legend: A life of awesome fighting skill, passionate romance and spiritual triumph over demons from without... and within.

After a childhood of rigorous martial arts training, young Bruce Lee (Jason Scott Lee) escapes the street-brawls of Hong Kong to enter college in America, where racial taunts force him to unleash his powerful skills. But soon, as scorn changes to respect and opponents become allies, Lee opens his own kung fu school. Marrying a former student who shares his dreams (Lauren Holly), Lee is discovered by a Hollywood producer (Robert Wagner) and begins a meteoric rise to fame and an all too short reign as one of the most charismatic action heroes in motion picture history.

Dragon is ablaze with comedy, touching romance, and perhaps the most spectacular martial arts sequences ever filmed. It's an uplifting, unforgettable glimpse into the life, love, and the unconquerable spirit of a remarkable man.
