Dear Sir,

Thank you for your letter enquiring about the LaserVision system in Denmark.

I am delighted that you wish to take on the launching of the system single-handed in Denmark. I wish you every success. Regarding the use of excerpts from Embassy Home Entertainment's films, you have my permission to use them but on the following basis only:-

They should be used with discretion and for promotional purposes only, under no circumstances should these excerpts be used on a video tape which is then sold to the consumer. Just to be certain, when you have made your tape, please send me a copy.

Yours faithfully,

JIM HOWELL
VICE PRESIDENT, EUROPE
